

2024 Lake Washington Outing

February 24, 2024

We had our first outing yesterday on Lake Washington. Started out with a great breakfast at Lil Jon's in Eastgate we migrated to Gene Coulon Park to launch. Nice day on the water no cutthroat were caught, but a couple of nice rainbow fell to our methods, we also caught some perch. Tony had the most interesting catch of the day the elusive stripped door mat he was fishing in 65 fow (feet of water). Great job Tony!
